School Song

Oh, R.T. Coles, we're striving for the right
 Yes, R.T. Coles, we're ever true.
 We back you to fight for the red and the blue
 Keeping in the fray from our school we'll never
 stray.
 Now let us work and play our best every day
 And build up fame and glory in every way
 Our school's our joy and pride
 Onward we'll ever stride.
 Vict'ry for dear ole R.T. Coles.

Principal's Message

R. T. Coles Vocational and Junior High School
1835 Tracy Street
Kansas City 8, Missouri

HARRY I. HARWELL, PRINCIPAL
A LEEDY CAMPBELL, VICE-PRINCIPAL

My dear Friends:

It is with a great deal of pleasure that I present to the student body, faculty members and patrons of the R. T. Coles Vocational High School our second publication of the Coles Pilot, a production by the Senior class, for your consideration.

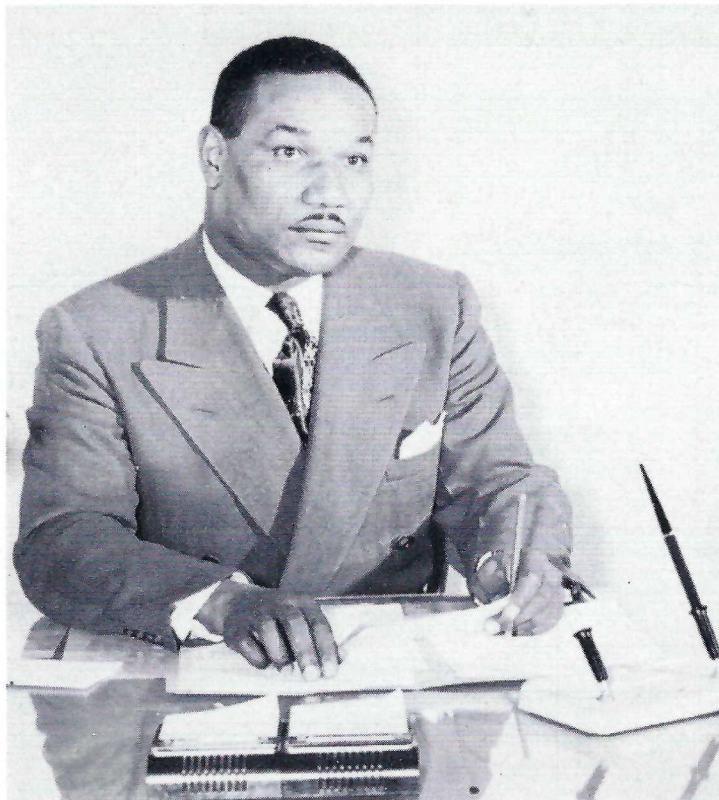

This may be considered another chapter of work the school is doing to show the scope of activities and the phases of work programs that broaden our services to boys and girls thus enabling them to take their places adequately in our complex American society.

The thirteen trade courses offered to our boys and girls for study and development into salable skills offer unlimited opportunities for growth and independence. A community can offer no finer things for its youth than to provide opportunities for increasing their skills which mean increased earning power that lead to higher standards of living, and eventually to a higher degree of happiness. This fulfills the purpose of our school program, and the development of our boys and girls into useful, well balanced and well poised citizens to take their places in our social and industrial world.

It is also my wish that this instrument will serve to bring back the pleasant memories of the days that were spent at R. T. Coles Vocational High School, in the distant days that are to follow.

Sincerely yours,

Harry I. Harwell
